Alpine Solutions Inc.
Signs Xerox asp (authorized service Provider) Agreement

Camarillo, California—May 9, 2005—Alpine Solutions Inc., an ISO 9001:2000 certified repair depot announced the renewal of an ASP (Authorized Service Provider) agreement with Xerox Corporation. The Agreement covers the Xerox Phaser 860 and 8200 series color printers. Technical training and certification was completed and ASI is authorized to perform Xerox warranty and service on the covered products. In addition new printers and printer supplies will be available for purchase.

This agreement, per Ed Misukanis, President and CFO of Alpine Solutions Inc., expands our market and we are excited about providing Xerox authorized warranty support and repair services to our current and new customers.

ASI, a leading supplier of Products and Services since 1991, is dedicated to providing customers with the best value and highest quality storage and imaging products and services that meet or exceed their expectations each and every time.
